Boise, Idaho 83720-0195

### Background

The Idaho Governor's Office of Species Conservation (OSC) has received funding from the U.S. Fish and Wildlife Service's Wolf-Livestock Demonstration Project in order to implement preventative measures aimed at reducing wolf livestock conflict. A request for proposal (RFP) is available below to apply for these funds. *A requirement for receiving these federal dollars is a 50% match by the applicant.* Match can be in the form of cash or in-kind contributions.

**Due to funding constraints, the maximum award is \$8,000 per applicant.**

OSC has a window from October 26<sup>th</sup> – February 1<sup>st</sup> to receive proposals. The review board will review the proposals received through the late winter/early spring and make initial award decisions by April of 2024. Proposals submitted outside this period will be considered on a case-by-case basis, based on available funds.

### Eligible Applicants

Interested producers are eligible for funding. Funding is limited, so every proposal might not receive funding. OSC will work with applicants to provide technical assistance to ensure the highest probability of success when implementing proactive techniques/preventative measures.

### In Kind Match

*Matching Funds:* Cash or "in-kind" support contributed to carry out the project.

*In-Kind Contributions:* The value of non-cash contributions provided. Non-cash contributions can be in the form of charges for personal services, real property, non-expendable personal property, and/or the value of goods and services directly benefiting and specifically identifiable to the project. Included in the form below is a list of standard rates used for labor and various types of equipment.

### Review Process

Proposals submitted will be reviewed by a panel consisting of an individual from the OSC, Idaho Department of Fish and Game, US Department of Agriculture Wildlife Services, Idaho Cattle Association, and the Idaho Wool Growers Association. The reviewers will rank proposals based on the Evaluation Criteria listed in the form below. Upon selection, OSC will send an award letter/agreement for final signatures to the grant recipient.

#### Required Documentation

1. Completed Proposal (3 forms)
  - A. Basic Information, pg. 1
  - B. Project Proposal/Match, pg. 2
2. Signed IRS W – 9 Form
3. Signed Award Letter/Agreement.

#### Eligible Expenses

- Guard dogs
- Visuals such as fladry and fox lights
- Range riders, increased human presence
- Trail Cameras
- Other effective non-lethal prevention measures

**OSC is accepting proposals for Grazing Season 2024 through February 1st.** Please submit documentation to:
